- FILE SAVING GUIDE:

• For best print make sure art work is vector.

• Very small or fine detail art is not recommended.

• All text and type must be converted to outlines.

• Remove all guides and additional template information before saving.

• Save file as PDF, AI, or EPS at 300 dpi (highest resolution).
- A diagram of the front and back imprint areas, which are circular. They are defined by a solid magenta line (the cut path) and a dashed black line (the bleed line). In the center of each circle is a solid black circle, representing the speaker area. There are six small magenta circles arranged in a ring around the central black circle, likely representing screw holes or mounting points.
- Black Circle = Speaker Area
- Front & Back Imprint Area: 9.3"W x 7.3"H
